

Questionnaire

Technical Data :

For the layout of belt conveyor Systems

Company :

Person in charge:.....

Project Name :

Phone :

Project N° :

Country :

Email :.....

www.techmi.fr	Location Of use	Outdoors - open..... <input type="checkbox"/>
		- covered..... <input type="checkbox"/>
		Underground..... <input type="checkbox"/>
		Indoor..... <input type="checkbox"/>
		Details of climatic conditions.....
	Conveying Flight	Center distance.....m
		Conveying length L.....m
		Conveying height H.....m
	(provide a diagram Or drawing In autocad file)	Gradient of the system.....° uphill <input type="checkbox"/> downhill <input type="checkbox"/>
		Section with maximum (descending) gradient.....°
		Curve-convex:Radius Re.....m –Concave: radius Ra.....m
		Sections with differing gradients.....
	Material flow	Conveying speed v.....m/s
		Mass flow Im.....t/h
		Volume flow Iv.....m ³ /h
	Properties of the Material handled	Designation of the material handled.....
		Bulk densityt/m ³
		Angle of repose.....°
		Temperature Permanent :.....°C min.....°C max.....°C
		Max lump size.....mm
		Chemically corrosive..... <input type="checkbox"/>
		Sharp - edged..... <input type="checkbox"/>
		Wet..... <input type="checkbox"/>
